CLINICAL VALIDATION DENIALS AND HOW TO MANAGE THEM

DRG downgrades, also known as clinical validation denials (CVDs), have been affecting hospital revenues for a number of years. Recently, though, hospitals have been experiencing a significant uptick in the volume of the CVDs. The article outlines an approach to addressing the increase in CVDs. [Learn More](#)

ADDRESSING MEDICAID NPI DENIALS

NPI denials can be far more complicated to resolve than at first glance. [Read more](#) to find out why.
